Have a Great Summer!

While you are enjoying the beach and all the great summer activities our neighborhood has to offer, WWCA and the *Wire* will be taking its summer vacation as well.

There are no meetings or editions of the *Wire* in July and August.

Enjoy your summer - we'll see you again in September!

Dear Neighbor:

What should I write in my last column as West Walker Civic Association's president?

That's the question that has dogged me for a week.

Should I lay out a plan for the future of West Walker? Better to leave that for the next president.

Maybe recount the highlights of the past three years? There are too many for this space.

Thank the legion of people who've contributed to West Walker's success? Yes, for sure. Thank you officers, board, committee chairs, committees, volunteers, members and friends. Thanks to my family for being supportive of my time away from home.

Not long after I became president, a friend mentioned that she had described me to a neighbor as the president of West Walker. To which the other woman remarked, "Oh no, she's not one of *those* people, is she?" At the time, I emphatically replied, "No. And I'm not going to be."

Fast forward three years, and I'm happy to say, I surely am one of *them*. You know the type -- overly-informed about neighborhood issues, pushy, nagging, always asking one more favor, sending endless e-mail reminders about events you'll never attend. But I don't mind, because I've actually grown to like being part of *them*.

Which brings me to what I really want to say. Every minute of time that I've given as president has come back to me in ways that I never anticipated. I've formed friendships that will outlast our years in this neighborhood. I've helped shape the future of the neighborhood with our Vision statement, our blueprint for positive change. I've seen firsthand how things get done in this city that works. I've grown as a person, and, I hope, as a leader. I've had the privilege and pleasure of working with a lot of great people.

I'm a fourth generation Chicagoan, descended from road builders and tradesmen. My great-grandfather worked on the Chicago World's Fair. My grandfather and father paved miles of Chicago streets. I'd like to think that I've continued in their footsteps, building something of value, in a much smaller way, on the northwest side of Chicago. Although I won't be president any longer, I'm planning to stay involved, to keep building what the founders of the West Walker Civic Association started nearly 100 years ago.

We all have the ability to leave our mark on this community. What will you build? That's the question.

Thank you for your support. It's been an honor,
Liz Mills

West Walker General Meeting - MAY 20, 2008

WWCA president Liz Mills opened the meeting a little after 7:30 by introducing our first guest, Sandra Stumme, executive director of Metropolitan Family Services. This is a 151-year-old agency located at Belmont and Central with a mission to help families in need with a variety of services. Among other things, Metropolitan Family Services assists persons getting a GED, it addresses domestic violence issues, offers general counseling, has ESL classes and currently, for qualifying families, offers all-day Head Start programs. It also has programs for senior citizens, and Ms. Stumme pointed out that a particular concern being addressed by the agency is under reported violence against seniors.

She was followed by Kathy Howe and Dr. Charlie Martinez, speaking about the Old Irving Park Community Clinic that opened this past December to serve some of the thousands of uninsured in the area. The clinic is manned by volunteers and offers free primary care and referrals for persons with no ordinary access to medical care. Limited assistance with medical supplies is also provided, but emergency care is not available. Dr. Martinez related a few examples of individuals who had been aided by the clinic, and Ms. Howe put out a call for more volunteers, not just health care professionals but also for clerical assistance and translators.

Jaime Andrade, assistant to Ald. Mell, was our final speaker and talked primarily about efforts for a new library and issues affecting it, such as funding and proper location, with keeping it on Irving Park Road a priority. He then told us of other projects and issues the alderman is working on in the 33rd Ward, such as the drastic loss of rental units in the ward, street and alley resurfacing projects, sewer replacement at Central Park and Berteau, senior housing and other issues.

The rest of the meeting was general business, both old and new. Ms. Mills apprised us of the "Art in My Back Yard" éclat and mentioned a Marx foundation grant to help fund it. The garage sale was a success. The zoning committee met with a developer and disapproved of his designs for a zoning change on the 4000 block of N. Harding. Michelle Kaicener filled us in on the rain barrel program, which seems to be going well. Melanie Reschke's PEBA report highlighted a call for help with after-school programs to curb teen violence and an alert on scrap metal thieves. For the first time, The Strip Joynt was ticketed by the Department of Environment. We will be kept posted on a hearing date.

Finally, nominees for West Walker officers are: Mike Webber, vice-president, John Minor, treasurer, and Carol Barry, secretary. No candidate has been found yet for president, and the current one asked for an adjournment at 8:50.

23rd Annual Garage Sale a Sell-Out!

The skies were fair and shoppers came out in droves for the 23rd Annual West Walker Garage Sale. Nearly 70 residents opened their garages and yards for shoppers, who found antiques, baby supplies, furniture and household goods. Sellers reported being very happy with their sales, and many sold out before the end of the day – including the steak taco vendors!

The garage sale resulted in 50 new members and approximately \$700 in net proceeds. The success of the sale is due to the hard work and perseverance of **Bob Crowley** and his son **Kevin**, and the assistance of **Melanie Reschke**. Thanks for another fun sale and great day for the neighborhood!

PAUL, JACK & JEAN PRIKOS

CAPS Report

by Pam Maremont

The following issues were covered from the last meeting:

- The homeless people who have been occupying a few vacant buildings on Central Park are still taking up residence. A request has been placed with the city for the building to be boarded up.

New issues raised:

- There were several complaints about the neighborhood ice cream truck cruising around blaring music well after 9:00 p.m., which violates a city ordinance. The officers encouraged residents to talk to the driver and if that did not resolve the problem they should call 311.
- The liquor store at the intersection of Irving Park, Elston and Monticello was the subject of an investigative report on Channel 5 News and the owner was arrested for purchasing stolen liquor. However, the store remains open and residents are encouraged to call 911 if they see any suspicious activity.
- The 1723 beat car has been permanently equipped with a plate reader that can scan parked cars license plates looking for stolen cars and outstanding warrants.

Statistics by type of crime in the West Walker neighborhood from April 23 – May 21, 2008:

Criminal Damage to vehicle.....	10
Theft \$300 and under	7

Automobile Theft	4
Assault (simple).....	3
Harassment by Telephone.....	3

CAPS (Chicago Alternative Policing Strategy) meetings for 2008 for our beat are held at the 17th District in the community Room, 4650 N. Pulaski. Meetings begin at 7:00 p.m. monthly on the 3rd Wednesday and typically last one hour. The next meeting is June 18.

Spend the Summer with a Book!

read or listened to and receive a colorful sticker. A Read Green, Live Green T-shirt will be given to each child, ages 9-14, who reads 10 books and for each child, ages 2-8, who listens to and/or reads 25 books.

The library has a variety of programs for children taking place this summer. For a complete schedule contact Margy Dunne or Janet Rogers at the Independence Branch by calling 312-744-0900.

Irving Park Food Pantry Collecting School Supplies

Even though students are starting their summer vacation, the Irving Park Community Food Pantry is already thinking ahead to next school year. Many young people whose families regularly visit the pantry for assistance will need more than just food. The young people need assistance with school supplies. If you can help give the students a good start to next school year, the pantry will start collecting supplies in July. Any items can be dropped off at the pantry located at the Irving Park Methodist Church or to West Walker Resident and Food Pantry Board Member Pat Eisenhart at 4118 N. Avers. Thanks in advance for your generosity!

Report from the Chicago Green Festival – June

First, I want to thank everyone who participated in the Rain Barrel Sale. We completely sold out! Thanks to **John and Betsy Minor, Brent Carter, and Rober Rostkowski** for their help with the sale. For those folks who didn't manage to get a barrel, hopefully we will be able to do this again. We may be looking at composters next!

Second, I wanted to share some thoughts and ideas from the Chicago Green Festival, which I attended over the weekend of May 17th & 18th. If you didn't get a chance to go, this was a great way to get exposure to all kinds of things "green" – from organic milk to low emission paints to green roofs and sustainably produced snack food! There were hand-woven, natural fabrics from Guatemala, and fair-trade coffee and chocolate. Also, there were a number of great speakers on all kinds of interesting topics – installing solar panels, green building and renovation, energy saving at home, gardening, etc.

If you are thinking about some home remodeling projects this summer, here are some things you may want to consider:

1. Use non-VOC or low-VOC (volatile organic compound) paints. These paints are less toxic, particularly indoors.
2. Evaluate a recycled material for kitchen countertops – they come in many different colors and designs, and are more earth friendly than granite.
3. Investigate bamboo for floors and cupboards – it is more sustainable than hardwood, wears beautifully and looks great.
4. Install permeable pavers instead of concrete for walkways, to absorb more rainwater.
5. Choose low-flow or adjustable-flow shower heads, faucets, and toilets to save water.
6. Select natural, organically grown materials such as cotton, for interiors.
7. Thermal blinds or drapes help with heat management – warmer in winter, cooler in summer.

Many of these materials are available from local suppliers. Check out the festival website for videos and more information. Website of the month: <http://www.greenfestivals.org/content/view/230/200/>

Check out our photos from the Rain Barrel Sale!
