Dear Neighbor

IT'S BEEN A LONG YEAR SINCE COVID-19 WAS DIAGNOSED in January, 2020. There have been dramatic and traumatic events on international, national and local level. Hopefully, with the introduction of a COVID-19 vaccine we can look forward to a summer or fall in 2021, when we will finally attain a new "normal", however that may look.

We missed out on a few things here in our Neighborhood in the last year. For the first time in over 30 years, we did not have the West Walker Annual Garage Sale in May, 2020. Odds are, we will not see a return of the garage sale in May of 2021, but we are evaluating the possibility of a fall garage sale if it can be conducted safely. Also, for the first time in over 10 years, we did not have a winter social in January, 2021. Once again, we hope to get back to a point where we can have an indoor gathering and celebration in January, 2022. And, the 4th of July Celebration in Independence Park could not be held for the first time since 1776, disappointing hundreds of egg-tossers and sack-racers.

We did have one new restaurant opening in 2021. Big League Burgers is a baseball themed restaurant and bar located at 3734 West Irving Park road. They're now open for carryout and limited indoor dining. As always, we encourage people to support businesses in the neighborhood. Go check it out.

Your Neighborhood Realtor!

2021 Design Trends That Are Here to Stay

Since the pandemic, the comfort of our home has become even more important. And we are starting to see some changes in what homeowners (and buyers) want.

1. **Larger homes** – Buyers are looking for more space indoors to spread out and outdoors to relax. Builders are also increasing the sq ft in new construction homes too.
2. **A home office** – And if you don't have a separate room, try creating a "cloffice" – closet office.
3. **Defined spaces** - Buyers want defined rooms or if it's an open floor plan they want divided spaces for zoom calls, home schooling...and to accommodate multiple generations living in the home.
4. **Houseplants and indoor gardens** – to enjoy the calming effect and bring a bit of nature inside.
5. **On the more trendy side** – kitchens with woodgrain cabinets, bathrooms with Smart features and furniture and colors schemes from the 80's and 90's (think natural wood, burnt orange, forest green...)

CAPS Report

Beats 1722 & 1723, Zoom Meeting, January 20, 2021

In Attendance: CAPS Officer Jerry Zanders, Commander Pontecore, John Campos, Ald. Rodriguez (33rd), Ald. Nugent (39th), Ald. Rosa (35th), Rep. Andrade

Officer Zanders reported 2020 crime statistics for the 17th District. The total number of homicides more than doubled in 2020 to a total of 12 compared with 5 in 2019. Shootings and robberies were up, while burglaries and motor vehicle thefts were down. So far in 2021, homicides are flat, robberies have increased by 5 and burglaries and motor vehicle thefts are down. Shootings are nearly all gang-related and targeted.

Beat 1723, which encompasses all of West Walker, saw a number of reports of shots fired in late December and early January. In addition, a resident of the 4000 block of Avers who was the victim of an armed robbery (knife) the evening of 1/13 when he interrupted 3-4 individuals who were tagging garages. Commander Pontecore reported that there is good video of the robbery but said the individuals

who were identified as the suspects couldn't be arrested because they were on private property behind a fence.

Officer Zanders addressed the alarming increase in carjackings in the 17th District. City-wide through January 20th there have been 122 carjackings since the New Year. He offered the following advice:

- Don't leave your car running, even it's locked.
- Don't sit parked in your car. People sitting in cars seem to be the primary target.
- Don't get boxed in if you can avoid it.
- Back into parking spots if possible, park in well-lit areas.
- Stay off your phone and be aware of your surroundings.
- If your car is rear-ended, don't exit the vehicle right away and don't let yourself be boxed in.
- If you are the victim of a carjacking, cooperate with the suspect.

The Commander reminded everyone that a car is replaceable, but a life is not. If you are the victim of a carjacking and there are children in the car, the advice is to yell "I have kids in the car." The Commander discussed the work he is doing with Ald. Rosa and several city departments to address a troubled building near Agatite and Lawndale.

The Commander expressed frustration at the ineffectiveness of electronic monitoring, which many gang members are placed on after being arrested. However, CPD is dedicated to continuing their missions. Between the November and January Beat meetings, 13 weapons were recovered.

Alderman Nugent reported that two POD cameras have been installed in the 39th Ward, at Kedzie and Bryn Mawr and Milwaukee and Elston.

Jessica from Ald. Rosa's office said their office is working with residents who have been affected by troubled buildings as well as working with the Commander to solve the issue at Agatite and Lawndale. A camera and license plate reader has been installed at Irving Park and Kimball but hasn't yet gone live.

Alderman Rodriguez reported that the 33rd Ward has been pretty quiet, but that there will be a meeting with all the alderman concerning carjackings on 1/22. Ald. Rodriguez explained that the violence interruption program, called ALSO is in the process of hiring and training interrupters.

Rep. Andrade talked about legislation he got passed that makes a carjacking possession of a stolen vehicle rather than a lesser charge that is a misdemeanor.

Call 911 to report suspicious activity or individuals in your neighborhood and provide detailed descriptions of the individuals and vehicles involved in any incident. Even if a neighbor has already reported the incident or activity, other neighbors should make separate calls. The police often look at the number of calls for service in determining the allocation of officers and resources with respect to a particular situation or incident. The next meeting will be on Wednesday, February 17th at 6:30 p.m. via Zoom. Email CAPS.017district@chicagopolice.org for an invitation. Remember to always lock your vehicle, never leave it running unattended and be on the lookout for scams involving Covid-19 cures and scams related to income tax refunds. Remember, the IRS will never call you on the phone.

Prevent a Burglary Before it Happens

Police Officers are on a continuous lookout for crimes and suspicious activity that may occur in your area. The problem of Burglary is a growing concern in the 17th District and we need YOUR HELP in combating this crime of opportunity. Basic security precautions can significantly reduce your residence or business from being burglarized. By being security conscious and using simple steps to secure your property, the number of burglaries can be reduced.

The 17th District Tactical Officers will be conducting Burglary Assessments to identify areas on your property where you may be vulnerable to a burglary. This is an exterior physical assessment and Officers will not enter the residence or business. By neighbors and police assessing weak and strong points on your property, it will create a much greater sense of security, prevention and awareness.

Please contact the 17th District CAPS Office at 312-742-4588 or caps.017district@chicagopolice.org or call the 17th District Tact Office 312-742-4822 if you are interested in having your property assessed (limited availability).

Chicago Snow Removal Ordinance

Who is responsible for clearing the sidewalks of snow and ice? EVERYONE! The city code states “every owner, lessee, tenant, occupant or other person having charge of any building or lot of ground abutting upon any public way or public space shall remove the snow and ice from the sidewalk...”

If you do not own your residential or business property, check with your rental or lease agreement or management company to see what your sidewalk clearing responsibility is.

When do I have to clear the sidewalks? Sidewalks need to be cleared 7 days a week. Clear sidewalks by 10 am if the snow falls overnight, or 10 pm if the snow falls during the day. Be sure to maintain a clear path if new snow falls.

How can I report locations that do not clear their sidewalks? You can report snow removal requests to 311. The appropriate city department will respond to your request within the defined service time. You can also use the 311 app or visit 311.chicago.gov.

How wide of a path do I need to clear to comply with the law? 5 feet. The city code requires a five-foot wide path to be cleared. Clear any ramps that are attached to the sidewalk. This width allows safe access from the crosswalk to the sidewalk and is particularly important for people in wheelchairs, using strollers, or anyone with an assistive device.

This path does not meet the width required in the city code. What is the best way to remove snow from the sidewalk? Do not push snow from driveways or sidewalks into the street or over crosswalks. When clearing driveways or walkways do not block the sidewalks with snow.

What is the best way to remove snow from the sidewalk? Use a shovel or broom to push snow into your yard or along the side of the sidewalk. DO NOT push snow into the street, bike lanes, crosswalks, bus stops, train stations, alley entrances, or Divvy stations.

What happens if I don't clear my sidewalks? **Individuals** who do not comply can face fines of up to **\$500 per day** of violation. **Businesses** that do not comply can face fines of up to **\$1,000 per day** of violation.

Community Meeting for Columbia Dispensary Expansion

by Brian Nadig, nadignewspapers@aol.com

Alderman James Gardiner (45th) will hold a **virtual community meeting at 6:30 pm on Thursday, Feb. 11**, to discuss the proposed expansion of the Columbia Care medical and recreational marijuana dispensary at 4758 N. Milwaukee Ave. in Jefferson Park.

The dispensary, which opened for medical sales in 2016, is seeking to also use a neighboring storefront at 4760 N. Milwaukee Ave., but the property must be rezoned from B3-2 to C2-2 and then a special use permit to establish a medical and adult use dispensary must be obtained from the Zoning Board of Appeals.

A special use for medical marijuana sales only was issued about 5 years ago for the building g at 4758 N. Milwaukee Ave., and at the time city officials said that additional zoning relief would be required if recreational sales were to become legal in Illinois and Columbia were to seek a recreational license.

Several years later when recreational sales became legal, the state law allowed existing medical dispensaries to obtain a recreational license without having to seek a zoning change or a new special use. However, those special accommodations do not apply for an expansion or relocation.

Columbia Care started selling recreational marijuana on Jan. 1, 2020, and the state has declared marijuana sales an essential service, allowing the dispensaries to operate during recent lockdowns. Due to marijuana shortages a year ago, dispensaries were required to give priority to their medical customers.

There are estimates that legal marijuana sales in Illinois totaled about \$1 billion in 2020.

The Zoom meeting ID is 985 3213 7979, and the passcode is 158784.
